

## Adult Health and Dental Partnership

### What is the Adult Health and Dental Partnership?

The Adult Health and Partnership provides medical and dental services at a reduced cost for low-income adults who cannot afford or do not have access to health insurance and do not qualify for Medicaid or Medicare.

### How does it work?

#### Participants receive care in one of two ways:

- The Kaiser Permanente HMO "Bridge Program" provides complete health care benefits for a maximum period of 24 months.
- A doctor or dentist (not affiliated with Kaiser Permanente) provides care for a reduced fee. Participating doctors and dentists can be found by contacting Northern Virginia Family Service.
